

Interior Designer

Full Time - Milwaukee, WI

What is good design?

Simply put, good design is good business. Creative Business Interiors provides turnkey interior solutions to improve the function and aesthetics of interior spaces.

Our growing design/build firm is looking for a design professional to join our architecturally focused collaborative design team.

We are searching for a passionate believer in form and function supporting the work environment. An Interior Design education is a must with industry experience preferred but not necessary.

Position Overview

Our Interior Design professionals work closely with our clients to develop interior solutions that meet the cultural, image and functional goals of the organization.

We preform services reflective of the design process to include:

- Field Verification
- Programming
- Schematic Design & Space Planning
- Concept Development
- Design Development
- Construction Documentation

Candidate Overview

We are searching for a design educated individual who has obtained a degree in Interior Design or Interior Architecture.

Key Strengths:

- Dedicated self-starter who is committed to achieving goals
- Open communication both written and verbal
- Passionate about design
- Problem solving skills and the ability to see the whole picture
- Strategic, 3-dimensional thinker
- Strong organizational skills with a focus on the details
- Customer focused

Creative Culture

Creative Business Interiors offers an environment for our team members to grow and learn. We have an energetic culture that promotes an unusually high level of trust and ownership among our employees.
